**Testing Information**

PPG Architectural Coatings has a longstanding tradition of providing quality products that meet or exceed all applicable product safety federal, state, local regulations and industry standards. This includes those regulations administered by the Consumer Product Safety Commission (CPSC). In addition, PPG Architectural Coatings implemented, and has engaged in, an on-going testing program to document conformity with 16 CFR 1303 limits for lead in paint. Information on our testing efforts is available by calling PPG Technical Service at 1-800-441-9695.
